CIVIL & POWER's quality policy is to achieve sustained, profitable growth by providing thermal insulation and cladding as well as scaffolding services which consistently satisfy the needs and expectations of its clients.

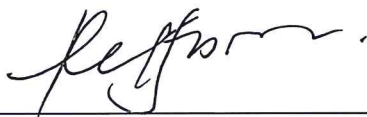

This level of quality is achieved through the adoption of a system of procedures that reflect the competence of the Company to existing clients, potential clients, and independent auditing authorities. Setting and monitoring of business as well quality objectives and targets at relevant levels and functions within the organization ensures the vision of this policy is realized.

Achievement of this policy involves all staff, who is individually responsible for the quality of their work, resulting in a continually improving Quality Management System and working environment for all. This policy is proudly communicated to all employees to ensure understanding and foster commitment to the vision of the policy.

To achieve and maintain the required level of assurance the Managing Director retains responsibility for the Quality System with routine operation controlled by the Quality Manager.

The objectives of the Quality Assurance System are:

- To maintain an effective Quality Assurance System complying with International Standard ISO 9001 (Quality System).
- To achieve and maintain a level of quality which enhances the Company's reputation with clients.
- To ensure compliance with relevant client, statutory, regulatory and safety requirements.
- To endeavor, at all times, to maximize client satisfaction with the services provided by CIVIL & POWER
